Course Title: ICT Law, Policy and Ethics  
Course Code: CSE 407, Credit: 2.00

Time: 2 Hours

Full Marks: 40

*This is an Open Book Examination. You may consult study materials in developing your answer.*

Answer any TWO (2) of the following questions.  
(You MUST answer each part of a question consecutively)

1. Mr. Thunder is a shy person who lives in a boy's hostel outside his hometown for his study. His friends and roommates are very animated and sometimes go out of the line in the name of having fun. When Mr. Thunder turned 22, his roommates created a video of him with some pictures and clips showing his private parts while sleeping. Mr. Thunder was shocked after seeing the video and wanted his roommates to delete it. His roommates on the other hand sent the video to his other friends and also said that they will send it to his girlfriend if Mr. Thunder do not give them a birthday treat. Mr. Thunder was very shaken and did not know what to do. Consider that you are a close friend of Mr. Thunder to whom he has come to ask for a solution. Explain the legal issues in the given fact to him and give solution (if any) under the Pornography Control Act, 2012. (15)
2. Suppose, as a CSE professional you have been asked about an ideal Digital Security law in Bangladesh. Following that, suggest amendments which you would want to bring in the Digital Security Act, 2018. (15)
3. *"By striking the right balance between the interests of innovators and the wider public interest, the IP system aims to foster an environment in which creativity and innovation can flourish."* Do you think as a prospective software engineer learning the intellectual property law will help your creativity and innovation to flourish? Give reasons for your answer. (15)
4. Create a fact by applying the principles of ACM-IEEE Code of Ethics, the Digital Security Act, and the copyright laws in Bangladesh. Give solution to the same fact by applying relevant legal provisions. (15)

Answer any One (1) of the following questions.

5. Critically analyse the provision regarding the authorities who do not come under the purview of the Right to Information Act, 2009. (10)
6. Explain the necessity of learning laws as a software engineer. (10)
